Lack of sleep may make many of us grumpy and irritable. Not only can sleep loss affect your mood but your mood may affect your sleep quality.

To help improve your sleep quality, consider trying the following:

- Create a restful sleep environment
- Cut down on stimulants when possible
- Go to bed at the same bed time every night
- Consider a sleep-aid that may be right for you\*

## No-cost COVID-19 testing by appointment

\*FOR TESTING ELIGIBILITY: Tests are limited to qualified residents in certain states.

COVID-19 testing for medical purposes is no cost with insurance plans or through the federal government's Uninsured Program. In select locations, appointments do not require a vehicle.

#### How it works:

- Check your eligibility.
- Make an appointment.
- Arrive at your scheduled time.
- Follow posted instructions to get tested.
- Get your results.\*

\*FOR TEST RESULTS: Lab samples are sent to an off-site laboratory. On average, test results are typically available in three to four days but may take longer due to the current surge in COVID-19 cases and increased testing demand during the holiday season.

#### Your safety is our main priority.

- Patients being tested are required to keep their face coverings on except when being swabbed.
- Our test-site colleagues are provided with protection equipment recommended by the CDC.
- Surfaces are sanitized after each test visit.
